BADLY AFFLICTED WITH ECZEMA

For More Than Two Years—Tried Physicians, Patent Remedies, Old Women and Quack Cures and Found No Relief.

USES CUTICURA AND IS SOON SOUND AND WELL

"I was very badly afflicted with eczema for more than two years. The parts affected were my limbs below the knees. I tried all the physicians in the town and some in the surrounding towns, and I also tried all the patent remedies that I heard of, besides all the quack cures and found no relief until I commenced using the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. In the Cuticura Remedies I found immediate relief, and was soon sound and well. C. V. Beitz, Tippecanoe, Ind., Nov. 15, '05."

DANDRUFF KILLS HAIR

Cuticura Soap Kills Dandruff

"I was troubled with dandruff on my head ever since I was twelve years old. I had beautiful hair up to that time. The dandruff destroyed my hair. I tried everything I could find. I had no doubt but that I was a drug store when I was well acquainted and asked the druggist if he knew of anything that would be good for me. He said, 'Of course I just get a cake of Cuticura Soap.' I got it and it did my hair good the first time I used it. My sister-in-law couldn't keep the dandruff off the top of her baby's head, and the hair wouldn't grow. I was there, had a cake of Cuticura Soap with me, and I told her about it, and gave her the Cuticura Soap, and in about three months I went there again, the child's head was covered with hair and not a sign of dandruff. My sister-in-law was the Cuticura Soap. The child is not past three years old and has a lovely head of hair. Mrs. E. W. Shigley, Columbus, Kan., Oct. 25, 1905."

A fine building lot was purchased from Dr. P. T. Southall on which to erect a handsome bank building of brick or stone, and a committee was appointed to arrange for the erection of this building and have it equipped with a modern safety vault and safe deposit boxes. The lot stands immediately in front of the Courthouse Square and between the post-office and the large brick store. It is one of the most desirable lots in the village. Such a building will greatly help the place and lead to other needed improvements, such as sidewalks and lights, which are very much needed.

Banking has been fully before the people for the past few weeks, and efforts to promote and increase the facilities are being industriously prosecuted.

(Special to The Times-Dispatch.)
STAUNTON, Va., March 8.—The jury in the Circuit Court failed to agree to-day in the case of Kirby Stump, who, along with Frank, his brother, and Art Brown, are charged with stealing some fifty turkeys last November. Politics in Floyd.

(Special to The Times-Dispatch.)
FLOYD, Va., March 8.—There has been some very cold weather here in the last few days. Snow fell to the depth of three inches, and can still be seen on the mountain tops from the village. Roads are in a miserable shape and traveling is almost an impossibility.

Candidates for election this fall are springing up from every section. H. W. Simmons, the present town clerk, is attorney, and David Sleshy, the sheriff, want to succeed themselves. The aspirants for county treasurer are numerous. There are four candidates for House of Representatives—the former Representative, D. L. Eller, and W. T. Sowers, S. H. McNeil and Rev. G. H. Thomson. The latter has represented this county before and made a good record.

The Republicans will have nominees in the field for these offices, and, owing to some recent disagreement, there will in all probability be an independent Republican also in the fight, which promises to be a spirited one. The county is largely Republican, and the Democrats are hoping for a chance to fill one or more of the offices with one of their own party.

The propositions are being considered, but as yet no definite action has been taken.

IMMIGRANT LAW NOT FOR HAWAII

Island Does Not Come Under the Old or New Provision.

NEW LAW EFFECTIVE JULY 1

After That Time States Can Take No Part in Securing Immigration.

WASHINGTON, D. C., March 8.—It was authoritatively stated to-day that the recent opinion of the Attorney-General, in which he alleged that it is unlawful, under the recently-enacted immigration law, for a State to pay compensation of intending immigrants, or to assist immigration except by advertisement, will not apply to the island of Hawaii. In that country the decision has already caused considerable agitation, as, under the auspices of the Territorial Immigration Society, immigrants are being brought to the island from Europe and the Azores to take the place of Japanese laborers on the sugar plantations. This has been sanctioned by the United States government, and a shipload of immigrants recently brought from the Azores Islands have proved very satisfactory.

New Laws Effective July 1st.

A conference was held to-day at the Department of Commerce and Labor on the opinion recently submitted to the President by Attorney-General Bonaparte on the South Carolina immigration case. It appears clear, in the view of the officials of the Department of Commerce and Labor, that the Attorney-General's opinion sustains the opinion of the department that the immigrants landed at Charleston, S. C., last November are legally in this country.

It is not so clear, however, that under the law other immigrants whose passage to this country is paid by either States or individuals acting for States may be landed in America before July 1st, when the provision of the new immigration law goes into effect.

Difference of Opinion.

Those who participated in the conference to-day were Secretary Strauss, Solicitor Earle and Messrs. Parker and Larned, of the Department of Commerce and Labor, and Assistant Attorney-General Cooley, of the Department of Justice. It was not until to-day that the full text of Attorney-General Bonaparte's opinion was available. The Department of Commerce and Labor desires to obtain a definite interpretation of the law, because several Southern States have delegated to agents the work of securing immigrants who will be within their borders. It appears problematic whether, under the present law, the States have the right to induce immigration, except by advertising. It is quite certain that, after the 1st of July, they will not have the right, but among the lawyers who have examined Attorney-General Bonaparte's opinion there is a division of opinion as to whether immigrants can be brought to this country now by the assistance of States.

THAT CATTLE TICK.

Farmers of Appomattox Doing Best to Eradicate It.

(Special to The Times-Dispatch.)
SPANISH OAKS, Va., March 8.—The Board of Supervisors of Appomattox held their regular meeting Wednesday. All the members were present. All accounts on file against the county were ordered paid.

An order was entered directing the cattle inspectors to continue their work under the supervision of Dr. J. G. Fernyhough, State veterinarian, for the extermination of the cattle tick, and the board in a public address made through the county papers, to make the co-operation of all the people in this important work.

Mr. John C. Shearer was recommended for appointment as local United States inspector for the county.

Mr. L. M. Drinkwater, by request of Dr. Fernyhough, appointed to act in the posting of the boundary lines of the county. The inspection this year will be confined principally to the farms found to have ticks with ticks last year. Efforts will be made to have all infested farms cultivated this year, and where this cannot be done request will be made to have the cattle changed to new pastures. By these and other means, it will be employed. It is hoped that the county will be entirely free of the tick this year.

Mr. John C. Shearer, who has been for the past three years commissioner of roads for Stafford County, has resigned in order that all of his time may be given to the Southside Virginian newspaper, of which he is the business manager.

Mr. J. T. Dandurand has been named as Mr. Shearer's successor.

Mr. Oden, secretary to Congressman Hal Floyd, arrived at Appomattox yesterday, and was warmly welcomed by his many friends.

Dr. R. C. Whitehead has been in New York City for some days.

Miss Kate Davidson has returned from a prolonged visit to her uncle, Hon. S. C. Stratton, of Richmond.

Miss Florence Williams, of Charlotte county, paid a visit to many friends in this neighborhood recently.

Mr. Walter H. Satterthite has resigned the place he held for several years with a New York house, and has gone to work with a concern in Georgia.

DECISION AFTER 10 YEARS

Special Master Makes Award Against Winchester Firm.

(Special to The Times-Dispatch.)
HARRISONBURG, Va., March 8.—George E. Sipe, special master commissioner of the United States Circuit Court for the Western District of Virginia, to-day rendered his decision in the celebrated Baker Chocolate case, which has been pending in the Federal courts for ten years. Walter Baker and Company, of Boston, brought suit against W. H. Baker, of Winchester, alleging that the defendant had infringed upon certain copyrighted signs and labels of the plaintiff. The Boston company secured an injunction in 1898. Mr. Sipe was appointed special commissioner to ascertain what damages were due the plaintiffs, and his decision to-day allows them a total of \$52,840.94.

W. H. Baker started in the chocolate manufacturing business in 1894. It was alleged that he used certain signs and insignia, the property of the Walter Baker company. The Attorney-General was granted the Federal court was called upon to determine the amount of profits which had accrued to the defendant as a result of the use of the older concern's labels.

Colonel William D. Coleman was first

appointed commissioner, but his powers were reversed on account of illness, and Mr. Sipe appointed in his stead. Gratton and Gratton, of Harrisonburg, and Putnam and Putnam, of New York, represented Walter Baker and Company. Barton and Barton appeared for W. H. Baker. The costs of the case, exclusive of counsel fees, will likely amount to several thousand dollars.

TEMPERANCE WINS.

By Overwhelming Vote People of Bristol, Tenn., Oppose Saloons.

(Special to The Times-Dispatch.)
BRISTOL, Va., March 8.—The citizens of Bristol, Tenn., to-day voted on the question of abolishing saloons, and won by a vote of 532 to 17. The election was attended with much enthusiasm, from the fact that the temperance people, including men, women and children, representing various church organizations and the public schools, paraded the streets, headed by a band of music. There were fully 2,000 in the parade. The whiskey dealers did not go to the polls, claiming, in accordance with a statute, that they were absent two days ago, that the election was not legal. The presumption is that they meant to contest the verdict before the Legislature; but this could hardly count for anything, as the election was only intended to get an expression of the voters as a means of governing the representatives in the Legislature with reference to enacting the necessary legislation to abolish the present city charter, under which saloons exist. The chairman of the local whiskey men's committee said to-night that they were beaten, and he had no statement to make.

Bristol, Va., will vote on the same proposition April 22d, notwithstanding the contention that Judge Price could not legally order an election for so early a date.

NEVER IN AMHERST AGAIN

Herbert Steptoe, Whom Jury Acquitted, Still Fears Lynching.

(Special to The Times-Dispatch.)
DANVILLE, Va., March 8.—After being acquitted of the charge of having committed a brutal assault on Miss Gladys Shelton, aged eighteen, of Amherst county, Herbert Steptoe, a negro, who had been in jail here for his freedom, and requested Jailor R. L. Woolfolk to lock him up. In the courtroom, when the verdict was rendered, at 11:20 o'clock last night, were several of the relatives of the young girl and a number of witnesses, who came here from Amherst, and who believed that Steptoe was guilty.

The negro, despite the fact that he had been pronounced innocent in the eyes of the law, stuck close to the officers, and it was not until several hours afterwards that he left the city. He was given a change of clothing and after the courtroom cleared and the streets deserted, was taken to the outskirts of the city, escorted by two police officers. He declared that he would never set his foot in Amherst, where several attempts were made to lynch him.

GO FOR MIDGET.

Officers Will Bring Back Negro Charged With Murder.

(Special to The Times-Dispatch.)
ALEXANDRIA, Va., March 8.—Requisition papers for William Johnson, alias George Midget, colored, who is held by the authorities at Harrisonburg, Pa., and who is wanted in this city for the murder of Charles T. Smith, a white man, were received here this morning from Governor Swanson. Chief Goods, of the police force, at once sent Policemen Ferguson and Roberts to the Pennsylvania city. If they secure the prisoner they will reach here early to-morrow morning.

It is expected that the negro will be given a speedy trial, and it is more than probable that he will be tried Monday or Tuesday. As a precautionary measure, he will be taken to the Alexandria county jail pending the day set for his trial.

It is reported that Johnson is wanted by the authorities at Pottstown, Pa., on a murder charge. The authorities here, however, believe that they will experience no trouble in having him turned over to them.

COUNTY JAIL EMPTY.

No Bad People in Lexington—At Least Not Found Out.

(Special to The Times-Dispatch.)
LEXINGTON, Va., March 8.—For the first time in several years the county jail is empty. Jailor Jackson says that his prisoner was released some days ago. It is a rare thing that borders at the county's expense are wanting in our jail.

Mr. John M. Greenbary, of Lexington, former member of the Virginia Legislature, who had been in the Lexington Hotel from the owners, Dr. Robert Glasgow and Mr. Samuel O. Campbell. The price paid was \$12,000 cash. This is a valuable property, situated on Main Street, in the center of the business section of the town. The hotel is now being run by Mr. F. H. Brockenbrough.

JACOBS ESTATE.

Mr. Gustav F. Jacobs Qualifies as Executor.

(Special to The Times-Dispatch.)
CHESTERFIELD C. H., Va., March 8.—Mr. Gustav F. Jacobs, of New York, to-day qualified in the county clerk's office as executor of his father, C. F. Jacobs, who was lately probated here. A sale of the decedent's personal property on the home farm is advertised for to-morrow. The estate consists of some 1,500 acres on the Appomattox River, is estimated at from \$40,000 to \$50,000 in value.

About \$6,000 was paid in at the clerk's office during the last six months for delinquent taxes. The taxes for 1905, 550 deeds were recorded, a somewhat smaller number than were entered during the six months ending August 31, 1904.
